

Upcoming....

Parking Lot Resurfacing –
Saturday, June 4th with
restriping Sunday, June 5th .

Street parking and garage parking
available.

Please help in detecting and controlling
water leaks! It helps us control the high
cost of water bills.

One of the biggest causes of high water
loss and high water bills in Campus Walk is
leaking **Toilets**. A leaking toilet can waste
anywhere from several gallons to more
than one hundred gallons per day. Leak
detection tablets being delivered to your
unit. Please place tablet in toilet tank and
see if you see colored water leaking into
the bowl. Please contact the office if you
detect a leak (520) 882-0228.
